Private Fife is in Northern Illinois this week, and is creating pretty much such a furor as that which he stirred up in lower Egypt during the last fortnight.

That fact that Private Joe and Gen. John are both posted to be at Salem on Friday, Aug. 31, has created the impression that they are to have a joint discussion. The fact is that the Salem meeting is a soldiers' reunion and the two gubernatorial candidates have been invited and expected to attend. The reunion is the main feature and so far as politics intervene, that will be incidental.

CLEVELAND is in very liberal mood. He has just given \$10,000 to a donation to the fund raised to secure his election, and away back in the war he contributed \$300 to employ a man who did his fighting for him, and once afterwards he sent \$20 to help repair the damage done by the earthquake at Charleston. His liberality towards the poor and needy will be the ruin of him yet.

JOHN L. ROBINSON, of Bandolville, who was raised in this country, writes to his uncle, Hon. W. T. Moffett, of the wonderful political changes in that locality, and gives the names of 26 Democrats living within a radius of six miles, who have pronounced for Harrison and Morton. Among them is George Webster, a native of Mississippi, who is enthusiastic for Harrison and protection. Verily, the thing is getting monotonous.

Yesterday at Charleston, on the occasion of Private Fife's meeting, the Democratic postmaster raised the status and stripes on the post office inverted, with a flaring banner above it. Of course this created a good deal of indignation, and the postmaster found the atmosphere getting so bad that he changed the position of the flag, claiming that it was not the intention to insult upwards, but he left the banner above it.

A BUSINESSMAN of Paris, this state has received the following letter from Buffalo, N. Y. The writer is one of the leading business men of Buffalo, and in one of the largest manufacturers of stoves, ranges, etc., in the country.

Mr. B. J. Egan, Paris, Ill., writes to Mr. W. H. Waterbury, editor of the Republican, saying that he is anxious to know what the Republican prospects are in the Empire State. In reply we beg to say that the writer, who has been a close observer of political events for the past 30 years, gives it as his opinion that Harrison and Morton will carry the state by a round 50,000 majority. The ground for this belief arises from the fact that the wage-workers at all the manufacturing centers in our state, are rallying to the Republican standard, and that a majority such as has not been seen since the election of Gen. Grant in 1872 will be the result.

Mr. Cleveland was not popular here as a Presidential candidate. Buffalo gave a heavy majority against him in 1884, he being unable to carry his own ward. Not very long since the President notified the city hall of his intention to accept the city hall of assessors that he should never again reside in Buffalo, and requested that his name be stricken from the tax roll and that the unpaid tax be cancelled. The request was, of course, granted, though it has to a great extent made Mr. Cleveland more unpopular here than he was in 1884. We know that Illinois turns to New York with strong hope and we don't mean to disappoint her.

Yours very truly,
SIRIEN S. J. WARR.

POLITICAL.

Meeting of the New York State Republican Convention at Saratoga.

Hon. Warner Miller Nominated for Governor by Acclamation on a Rising Vote.

Colonel Cramer Nominated for Lieutenant-Governor, and Judge Ramsey for Court of Appeals.

SARATOGA, N. Y., Aug. 20.—The State Republican convention assembled in the Casino at noon today, to nominate candidates for Governor, Lieutenant-Governor, Judge of the Court of Appeals and four electors-at-large. It was but a few minutes past twelve when the assembly hall was filled to its capacity. The hall was filled with delegates from all parts of the state, and the atmosphere was one of intense excitement. The convention was called to order by the Divine blessing upon the labors of his convention.

After prayer, on motion of General N. M. Curtis, of St. Lawrence, it was decided to omit the calling of the roll in order to expedite the business of the convention. The roll call was then called by Assembly districts. A contest was announced in the First Assembly district. Among the substitutes of delegates nominated on the roll-call was that of Colonel E. B. Smith, of the Fifth district of St. Lawrence, in the Fifth district of New York.

The roll-call being completed at 12:50 p. m., the Motion Picture Club, of Malone, N. Y., entertained the convention with Harrison and Morton campaign songs. When they sang "Blaine is Home Again," there was a storm of applause. At the close of the first song on motion of General N. M. Curtis, of St. Lawrence, the convention rose and gave three cheers for Harrison and Morton.

The Glee Club was followed by music band. Mr. Wilcox, of Kings, then nominated General B. F. Tracy, of Brooklyn, for temporary chairman, and the motion was carried unanimously. Mr. Tracy was applauded liberally by the delegates. He read his address from manuscript, beginning with the declaration that the convention met in the face of an issue of the gravest importance. He declared that the war of tariff and protection, which has been waged for so long, was now reaching its climax. He declared that the tariff was a question of life and death to the country, and that it was the duty of the convention to take action upon it. He declared that the tariff was a question of life and death to the country, and that it was the duty of the convention to take action upon it.

General Tracy proceeded to support the statement that revenue tariff had always proved disastrous to the country by analysis of the effects following upon such a system in former legislation. The General quoted the statistics of the tariff, and declared that the tariff was a question of life and death to the country, and that it was the duty of the convention to take action upon it.

Talking to State issues General Tracy declared that the growing evil of liquor should be checked by the legislature. He contended that the Governor's veto of the High-License bill, and said it was only what might have been expected of a man of his high character. He contended that the Governor's veto was a blow to the people, and that it was the duty of the convention to take action upon it.

On motion of St. Louis, Mr. Mosses, Frank Smith, of Albany, and J. W. Vrooman, of Chicago, were appointed temporary secretaries. The Assembly rules were adopted as the rules of the convention.

Mr. Husted asked enforcement of the rule against smoking, and it was so ordered amid laughter and applause.

The Disastrous Volcanic Eruption in Bando Zain.

WASHINGTON, Aug. 20.—The State Department has received from the Minister at Bando Zain an account of a trip recently taken by Mr. F. S. Mansfield, secretary of the United States Legation, to the scene of the disastrous volcanic eruption of the mountain of Bando Zain, in the province of Irahara. The letter states that the first disturbance was noticed on July 15, and was followed by three earthquake shocks ten minutes apart. Then a loud explosion took place, accompanied by a terrific fire, and a thick ash, and a suffocating sulphurous dust. Many persons were killed in the great panic that ensued, while others died of suffocation.

At four o'clock in the afternoon, the eruptions, which had lasted seven hours, entirely ceased. The number of lives lost was 518, and thirty-seven bodies have been recovered. The Imperial government has established hospitals for the care of the wounded. In the villages surrounding the mountain, a majority of the houses have been ruined and the land will probably never be fit for cultivation again.

Refugees from infected districts will be sent to Camp Perry or returned to starting points, and baggage, mail and express matter will be disinfected and returned.

Refugees at Camp Perry will be quarantined for ten days. Railway employees are prohibited from receiving persons from infected districts until they have properly passed quarantine, and no sleeping-car service will be permitted south of Way Cross.

An additional refugee station will shortly be established in the mountains of North Carolina (location not yet determined).
